

How Many Times

Join us for a look at past military accidents and taking the lessons learned from those accidents and applying those to human factors in the General Aviation community. How often do we hear what we expect to hear or see what we expect to see? What are some attitudes that are detrimental to aviation safety? We'll look at "Who's in Charge" when things go wrong. Our guest speaker is Dave Hall, CFI, FAASTeam Representative from Heritage Aviation and former accident investigator with the USAF.

Directions: WRAP Clubhouse, between Penn College and Textron/Lycoming Hangar.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
